SPORT & RECREATION CENTRE, DRVAR

Project title	Construction of Sport & Recreation centre in Drvar
Sector	Tourism
Location	Municipality of Drvar
Location description	Municipality of Drvar is placed in the north-western part of Bosnia and Herzegovina, at altitude of 460 m, as a place with an ideal distance between the sea and the mountainous part of BiH. It has continental climate, rich flora and fauna, and unpolluted ecosystem with an abundance of clean water: Busko lake, river Unac, streams: Gudaja, Ljeskovica, Raduklija, Bastašica, etc. The relief of the municipality is a combination of hilly and mountainous terrain and karst plateau with fertile arable land in the valleys around the river Unac.
Project status	The land plot owned by the municipality Looking for the investors / partners for investment and managing
Project description	The existing sports and recreation centre "Radomir Kovacevic" in the center of Drvar with tennis, football, basketball courts, swimming pools and space for recreation is devastated. This project proposes adaptation of existing and construction of new sports and accommodation facilities.
