ALPINE GOAT ORGANIC FARM VARES

Project title	Construction of Alpine goat organic farm in Vares Municipality	
Sector	Agriculture sector	
Location	Village Strijezevo, Vares Municiplity	
Location description	Strijezevo is village in Vares Municipality at 900 meters above sea level and 40 km far from Sarajevo, and about 25 km away from entrance to the highway.	
Project background	Project proposer is a company established in 2011 in Visoko. The company has its own business facilities and it is engaged in trade. The company also owns about 3.5 hectares of land and own water source. There are possibilities for land expansion up to 10 hectares.	
Project status	Feasibility study	
Project description	The project proposes construction of alpine goat farm oriented to the production of organic goat milk. Alpine goat organic farm in Vares includes: - Construction of buildings and stables, - Purchase of Alpine goats, - Purchase of equipment for farm, - Purchase of milk selling machines. The goal is annual production of 50 000 litres of milk. Price per litter of organic goat milk is 2 EUR. The advantages of this project are: - Organic milk, because the farm is located on a natural mountain pasture - The company has a secured market because the company deals with the trade - Selling milk is planned in milk selling machines in the cities. There is no any milk selling machines available in Bosnia and Herzegovina.	
Estimated total investment cost	250 000 EUR
