

CENTER FOR HEALTH - PALLIATIVE CARE ZENICA

Project title	Construction of a Center for Health - Palliative Care in Zenica City
Sector	Social / health care institution , Real estate
Location	Zenica City
Location description	The construction site is located 10 minutes from the town of Zenica. The city of Zenica is located on the road distance from the capital of Bosnia and Herzegovina Sarajevo (mileage between the city of Zenica and the capital of Bosnia and Herzegovina Sarajevo is 63.69 km).
Company description	The Center for Medical and Health Care and Rehabilitation is a center with thirty years of experience and the only Center of this type in Bosnia and Herzegovina. Due to the high demand for care and accommodation, there is a need to expand and build a respectable institution.
Project status	Business plan
Project description	The project proposes the construction of luxury accommodation for the Center for the Care and Care of the Elderly. The aim of the project is to provide safe accommodation for the unhindered provision of professional health care and improvement of the life of the sick population through programs to improve the quality of life and dignified aging. Promoting healthy aging with the use of modern content (spa, fitness, rehabilitation, creative, recreational activities, occupational therapy and others).

	<p>The construction of the Institution is planned according to the model of the most modern Care Centers, which implies better integration of users and their participation in everyday activities. The main goal of luxury modern housing is to meet the need to maintain a high quality of life in old age. Luxuriously located in a quiet and pleasant landscape with a beautiful view of the beautiful garden surrounded by park and nature. The rooms are divided and offer a pleasant stay to clients with an SOS alert with continuous health and medical supervision with a view of the pine tree, which has the role of an air spa suitable for the recovery of the elderly, sick and rehabilitated.</p> <p>There is also a 24-hour restaurant and room service, as well as advice from dietitians who offer a customized individual menu. There is a restaurant in the open and winter greenhouse to enjoy the beautiful natural environment.</p>
