

HOTEL "SKI JUMPING HILL" BABANOVAC, VLASIC

Project title	The reconstruction of the existing "Ski jumping Hill" on Babanovac into a Hotel
Sector	Tourism sector
Location	Babanovac, Vlasic mountain, Travnik Municipality
Location description	Vlasic mountain is located in the central part of BiH, and most of the Vlasic mountain belongs to the municipality of Travnik. In addition to natural resources, the greatest value of this mountain is the position in the central part of Bosnia. Vlasic is equally distant from the Adriatic coast (approximately 200 km) and the major inland cities in neighbouring countries, Zagreb and Belgrade (app. 300 km). Distance from Sarajevo, the capital of Bosnia and Herzegovina 120 km. Vlasic is a major centre for winter tourism due to its excellent accommodation for skiing, snowboarding and other winter sports. It is also a popular destination for summer and eco-tourism with many hiking trails and undisturbed wilderness areas.
Company description	Sports and recreation centre - SRC "VLASIC" d.o.o. was founded as a specialized company, registered for activities that monitor the development of Vlasic Mountain as a tourist destination, including the maintenance of infrastructure.
