

**NEW GENERATION OF POWER GENERATOR**

<b>Project title</b>	Electric generator
<b>Sector</b>	Innovation sector
<b>Location</b>	Sarajevo City
<b>Project background</b>	The innovator of “New generation of power generator” is a graduate mechanical engineer, with many years of innovative experience and several innovations. In the first phase innovator is looking for investors to make a prototype of new generation of power generator. The innovator is also looking for investors for the commercial production of power generators, both for households and for industrial purposes, in the second phase.
<b>Project status</b>	Business idea
<b>Innovation description</b>	“New generation of power generator” is the generator that does not need fuel. This is green technology and has no harmful substances to the environment.
<b>Intellectual property, Patent</b>	No
<b>Estimated total investment cost</b>	The project proposer is looking for investors to make a prototype of new generation of power generator, as follows: - Power generator prototype 1 kW 1 000 EUR - Power generator prototype 20 kW 5 000 EUR - Power generator prototype 50 kW 10 000 EUR - Power generator prototype 100 kW 20 000 EUR
<b>Form of cooperation with foreign partner</b>	Joint venture
