Project description	Organic honey production, processing, packaging and marketing envisages keeping of honeybees, extraction of honey, its processing and packing and then distribution to the market in Bosnia and abroad.
Estimated total investment cost	800 000 EUR
Financial	Joint venture

Improving agricultural greenhouse production	
Location	Sanski Most
Location description	Sanski Most is located in north-western part of Bosnia and Herzegovina, in the middle of the Sana river drainage area, and occupies an area of 781 km ² and has about 51,000 inhabitants. According to the structure of use of agricultural land, 61% are arable land and gardens (23 958 ha). The rest of the arable land is covered with orchards (653 hectares or 2%) and natural meadows (7068 ha or 18% of total agricultural area). The rest of the land relating to pasture (6071 ha) and natural ponds (1551 ha).
Project Status	Feasibility study completed by the Agricultural Faculty in Sarajevo (May 2011).
Project description	<p>The current level of greenhouse production in the area of Sanski is insufficient to meet domestic needs, and technical - technological equipment is low. The project foresees the establishment of 100 private farms in three models, with a total of 95.000m² of new production capacities:</p> <ul style="list-style-type: none">- 50 farms per 500m²- 30 farm at 1.000m²- 20 farm at 2.000m² <p>Spring planting is planned in three cultures - tomatoes, peppers and cucumber in a ratio of 40:40:20, and autumn sowing is also provided through three cultures - spinach, lettuce and onions in a ratio of 70:20:10</p>
Estimated total investment cost	4.882.696,00 KM
Form of collaboration sought	Concessions on municipal farmland

Construction of Fruit and Vegetable Processing Plant	
Location	Municipality of Ljubinje - Old Soko factory, occupying 20,000 m2
Location description	Good geographic position, good transport connections, soon will pass through the Corridor Vc and the Adriatic – Ionian Motorway at 20-30 km from Ljubinje, complete utility infrastructure , proximity of borders of Croatia and Montenegro , immediate vicinity of the cooling plants Fruveko and Bovel.
Company description	Local authority
Project description	Ongoing preparation of town planning documentation, business idea.
Estimated total investment cost	300,000 BAM
Type of other (technical) cooperation sought from foreign sources	Greenfield and brownfield

Construction of drinking water bottling factory-Bregava	
Location	Territory of the municipality Berkovići,RS
Location description	Bregave spring
Company description	Local authority
Project description	The project construction bottling of drinking water the spring at the site Bregava will enable the employment of 40 persons. The first phase was prepared complete documentation, and the next stage is to build the facility. Water is „A“ class and excelent quality.
Estimated total investment cost	4.000.000 KM
Type of financial investment	Greenfield

Production of organic chicken organic fertilizer in pellet form	
Location	Orašje, Bosnia and Herzegovina
Location description	Company occupies area from 42.000 m ² which is situated 500 m from the road Orašje- Tuzla ,and 18 km away from the river port of Brčko .
Project Status	Implementation of the project on the basis of a feasibility study is underway.
Project description	Poultry complex produces approximately 7000 m ³ chicken moist fertilizer as raw material for drying and packaging of 3000 T of dry fertilizer . The products are pelleted and granular. The packaging, storage and transportation are simple and save a time, space and money.
Project Objectives	Organic fertilizers production, organic production of fruits, vegetables, cereals, oil crops and soil improvement
Estimated Total Investment Cost	750.000,00 € for organic chicken fertilizer production 1 000. 000,00 € for poultry complex

AGRICULTURAL HOUSEHOLD „ANA BARBARIĆ“	
Project title	„CONSTRUCTION OF A FRUIT ULO COLD STORAGE OF 500 TONS CAPACITY“
Location	Settlement Lupoglav, Municipality Žepče, Zenica – Doboj canton, region Central Bosnia
Project description	Main objective of the investment: To construct and put into function the ULO cold storage, of 500 tons capacity with the purpose of fruit processing and storing – freezing. Impact of the investment: the investment will contribute to the expansion of production and processing capacities of agricultural producers in the field of berry-fruit and other fruit production, on the territory of municipality Zepce, Zenica – Doboj canton and territory of Bosnia and Herzegovina
Estimated total investment cost	Share of private investor farm “Ana Barbarić” in money: 30% of the total investment value = 75.000,00 EUR Share of other potential investors in money, 70% of the total investment value = 175.000,00 EUR Total investment value: 250.000,00 EUR
Project description	The main objective of the Project: Establish a modern collection center for the purchase of wild herbs and mushrooms and forest berry fruit, provide the processing and packaging of wild herbs, mushrooms and forest berry fruits, organize plantation cultivation of some medicinal plants intended for processing into distillates and extracts.
Type of financial investment	Investment costs: Land with infrastructure: 15.000,00 EUR Construction of the cold storage premises: 70.000,00 EUR Technological equipment of the cold storage: 150.000,00 EUR Other costs (overheads, unpredicted costs, etc.): 15.000,00 EUR

DAMIR RADOŠ, PRIVATE LAND OWNER	
Project title	Building a mineral water bottling plant in Ljeskovic, municipality Zepce
Location	Settlement Ljeskovic – municipality Žepče, Zenica – Dobo canton
Location description	Planned facility would be located in the area of natural mineral water source, called „SLATINA“, in settlement Ljeskovic, between towns Žepče and Zavidovići
Company description	Physical person, Mr Damir Radoš is the owner of land where the mineral water sources are located
Project description	Expected impact of the investment: -Construction of the mineral water bottling plant -Starting the production of bottled mineral water in municipality Žepče -Employment for up to 10 employees Facility for filling mineral water - Conceptual design of the facilities :nThe building represents a unique architectural unit, ground floor and first floor.
Estimated total investment cost	SOURCES OF INVESTMENT FUNDS: LOCAL INVESTOR – private land owner is interested in participating in a certain share of co-financing FOREIGN INVESTOR
Type of financial investment	Expected financial share of new investor: Possible collaboration through the establishment of a joint venture company INVESTMENT COSTS: 266.000,00 EUR
Type of other (technical) cooperation sought from foreign sources	Expected collaboration with new investor: Financing of the investment project Technical assistance in purchasing equipment and machines for the operations of mineral water bottling Market placement of final products, i.e. access to new markets and distribution channels...

" UNION OF AGRICULTURAL ASSOCIATIONS OF KONJIC "	
Project title	Collection, production and processing of medicinal herbs, mushrooms and forest berry fruit
Location	Varda bb, 88 400 Konjic B&H
Location description	Municipality of Konjic is located in the southwestern part of Bosnia and Herzegovina. Of the total area of the municipality, agricultural lands make up about 43 300 ha, mostly in small fragmented lands enough to produce for their own use. The remaining areas are pasture.
Company description	Union of Agricultural Associations of Konjic was established to tackle problems in agricultural and food sector of the municipality of Konjic.
Project description	The main objective of the Project: Establish a modern collection center for the purchase of wild herbs and mushrooms and forest berry fruit, provide the processing and packaging of wild herbs, mushrooms and forest berry fruits, organize plantation cultivation of some medicinal plants intended for processing into distillates and extracts.

Phase II: (Land, plant and equipment)	€ 3,500,000
Phase III: (Land, plant and equipment)	€ 8,000,000
Ownership	Private

FRUIT PROCESSING CENTRE - Brcko District

Location	Brcko
Buildings	€ 2,877,550
Equipment	€ 5,389,360
Working capital	€ 2,043,400
TOTAL INVESTMEN	€ 10,310,310
Ownership	Private

FRUIT TERMINAL RAJLOVAC - Lagerhaus Co.

Location	Sarajevo
Fruit terminal	Banana ripening and fruit & vegetable storage chambers
Land + Initial capital	€ 1,000,000
Construction work	€ 1,500,000
Equipment (Ripening & Storage Chambers)	€ 2,000,000
Contingency	€ 500,000
TOTAL INVESTMENT	€ 5,000,000
Local partner	€ 2,500,000
Strategic partner	€ 2,500,000
Ownership	Private

REGIONAL FRUIT COLD STOR – Ljekobilje Ltd.

Location	Trebinje
Available Fruits (Apple, Pear, Berries, Grape, etc.)	Over 300 ha of orchards and vineyards
Cold store building	Already accomplished
Cold store capacity	1,000 t
Equipment & Machinery	To be purchased and installed
Project owner is looking for strategic partnership	Joint venture arrangement is expected
Ownership	Private

FRUIT AND VEGETABLE PRODUCTION & COLD STORE - Cooperatives Gracanica

Location	Gracanica
Fruits & Vegetables production	3,200 t
Land	€ 35,000
Cooling facilities	€ 110,000
Storing facilities	€ 15,000
Machinery & Equipment	€ 65,000
TOTAL INVESTMENT	€ 225,000
Local partner	€ 125,000
Strategic partner	€ 100,000
Ownership	Private

FRUIT AND VEGETABLE COLD STOR, DRESSING & CONSERVATION - Municipality Gorazde

Location	Gorazde
Fruits & Vegetables processing	1,000 t
Land + Current assets	€ 90,000
Cooling facilities + Machinery & Equipment	€ 460,000
TOTAL INVESTMENT	€ 550,000
Local partner	€ 175,000
Strategic partner	€ 375,000
Ownership	Municipality Gorazde

FRUIT AND VEGETABLE COLD STOR - Municipality Gradacac

Location	Gradacac
Available Fruits (Plum, Apple, Pear)	13,000 t + 7,500 + 2,500 t
Producers certification	€ 50,000
Cold-storage facilities	€ 3,500,000
Water accumulation	€ 450,000
Hailstorm protection	€ 300,000
TOTAL INVESTMENT	€ 4.300.000
Ownership	Municipality Gradacac

COLD STORAGE – HEKO Co	
Location	Bugojno
Existing production	Container & Bare root seedlings (Raspberry, Blueberry, Blackberry, Currants, Tayberry, Cranberry, Aronia, Gooseberry)
Existing production	Frozen organic soft fruit (Raspberry, Raspberry, Blueberry, Blackberry, Wild Strawberry, Forest Mushrooms, Cranberry, Rose hip)
Existing production	Grains for cattle food & Vegetables / Potato for processing industry
Existing production	Livestock growing (Intensive beef production in stall of 1.433 m ²)
Existing facilities	Cold storage (400 t in “+” and 200 t in “-” regime, 6 t / 24 h IQF tunnel)
New Project / Investment	Cold storage (4 cold chambers - capacity 400 t ; IQF freezing tunnel)
TOTAL INVESTMENT	€ 590,000
Local partner	€ 240,000
Strategic partner	€ 350,000
Ownership	Private

FRUIT AND VEGETABLES PROCESSING MILLS - Bajric Ltd.

Location	Bugojno
Existing production - jams, marmalade, ketchup	Fruit & Vegetable processing & packing (organic food)
Existing production	Soft drinks; Natural water production & packaging
Existing production	Oil, sugar, salt, spices etc. packaging
New investment	Fruit & vegetables processing mills
Land	€ 350,000
Equipment	€ 2,650,000
Buildings	€ 1,000,000
Contingency	€ 100,000
TOTAL INVESTMENT	€ 4,100,000
Local partner	€ 2,500,000
Strategic partner	€ 1,600,000
Ownership	Private

ORGANIC FOOD PRODUCTION & ORGANIC FOOD FACTORY - Gorazde

Location	Foca and Gorazde
Available land 80 ha	€ 3,000,000
Fruit plants (36,000)	€ 56,000
Livestock (150) & Fruit, vegetable	€ 440,000
Organic food factory, storages, infrastructure	€ 1.104,000
Equipment & Machinery	€ 160,000
TOTAL INVESTMENT	€ 4.760.000
Local partner	€ 3,000,000
Strategic partner	€ 1,760,000
Ownership	Municipality Gorazde

MILK PRODUCTION & BIOGAS PLANT - Teloptic Ltd . Sarajevo

Location	Kalesija, Tuzla
Land	350 ha
Existing Production & Administration facilities & Infrastructure	500 cows
NEW PROJECT	190 m ²
Cow farm facilities	2,400 animals
Biogas plant (installed power)	1 - 2 MW
TOTAL INVESTMENT	€ 15,000,000
Local partner	€ 4,500,000
Strategic partner	€ 10,500,000
Ownership	Private

DAIRY FARM AND MILK PROCESSING - Darmon Ltd, Mokro

Location	Mokro, Sarajevo
Land	2,000 m ²
Buildings (Production & Administration facilities)	
Milk processing and packing facility with lab	190 m ²
Storage and cooler space	124 m ²
Administration	40 m ²
Accommodation facilities (two apartments)	40 m ²
Cheeses production facilities and auxiliaries	240 m ²
Infrastructure & Utilities	Heating & Cooling water pools, etc
Stable (Automate feeding & watering systems, ventilation, latrines, waste water extraction, hay storage, lacto-freeze, milking machines)	33 milking cows
Parking space with loading / unloading access points	800 m ²
LOCAL PARTNER	Existing property, or Capital sale
STRATEGIC PARTNER	New technology, Marketing, Distribution channels, etc
Ownership	Private

GOAT & COW MEAT, MILK & CHEESE PRODUCTION - Yugex Co.

Location	Sarajevo
Existing land surface + Business premises and infrastructure	30 ha + 1200 m ²
Project owner share (Land, Buildings, Infrastructure)	€ 2,450,000
Partner share (Livestock, Building, Equipment & Machinery)	€ 1,700,000
TOTAL INVESTMENT	€ 3,120,000
Ownership	Private

HEIFERS BREEDING & MEAT PROCESSING - Facilities Extension - MS Alem Co.

Location	B. Krupa
Increase meat production & processing from	800 to 1700 t/a
New heifers breeding facilities	Buildings & Equipment
Production facilities upgrade	Slaughterhouse, Driers, Barns, Packing
New equipment	Cooling storages & Processing equipment
TOTAL INVESTMENT	€ 2,020,000
Local partner	€ 997,000
Strategic partner / loan	€ 1,023,000
Ownership	Private

FOOD PROCESSING & TOURISM - Natura Vita Co.

Location	Teslic
Dairy production (increasing of existing capacities)	€ 5,000,000
Meat processing (increasing of existing capacities)	€ 5,000,000
Mountain, hunting, sport & health tourism (New development programs)	€ 20,000,000

Local partner	€ 500,000
Strategic partner	€ 1,000,000
Ownership	Private

DRINKING WATER EXPLOITATION AND BOTTLING - MALCom Ltd, Sarajevo

Location	Praca
Water Spring - Drink Gold	Selling of concession, land and existing facilities
Value of land & Concession	€ 5,000,000
Expected project investments	€ 5,000,000
Ownership	Private

Cultivation of aromatic plants and production of essential oils - "Aromas Ltd"	
Location	Mostar, Put za AI.kombinat bb
Location description	Put za AI.kombinat bb, 88 000 Mostar
Company description	Aromas Ltd. Mostar disposes of 100ha of land from which 50ha is planted with lavender, as well as the distillery capacity 15m ³ /day
Project description	Aromas Ltd. is engaged in the production of lavender oil and rosemary oil, which is packed from small bottles to large barrels for mass use.
Type of cooperation sought from foreign sources	Requested a strategic partner and the funds for this profitable business.

Kartonka Ltd Industrial poultry slaughterhouses	
Location	Široki Brijeg, Jare
Location description	Rural economy .The location is suitable for industrial production.
Project status	The project is in its final stage. The building was built according to European standards. Necessary 20% investment in the machinery and exterior of the building in order to the project could become a real.
Project description	Industrial poultry slaughter capacity of 5000pieces an hour could completely satisfy the needs of 1/3 BiH market. Slaughterhouse is primarily intended for the treatment of hens excreted chicken, which is the raw material for making sausage and pate, and consumption of chicken (broilers). The market requires this kind of raw material (extracted hens and MOM - Mechanical cleane the bones meat) because in our country work processors wich do not own the slaughterhouses of this raw material imported from abroad, which is less profitable for them than to buy raw materials in BiH.
Ownership	Private
Estimated total investment cost	cca 4 000 000,00 €
Type of cooperation sought from foreign sources	Requested a strategic partner and the funds for this profitable business . (550 000 € ,Supply of the missing machines)

“Aromas Ltd”

Project title	Cultivation of aromatic plants and production of essential oils
Sector	Agriculture Industry
